

# 2024 SUPPORTING MEMBERSHIP (Students & Friends)

**What does homeopathy mean to you?** Has homeopathy helped you or someone you love? Do you make homeopathy part of your regular health care system? Is it important to you that homeopathic products and services remain available to you and others across Canada?

If homeopathy is important to you and yours, you will want to know about how **Canadian Society of Homeopaths** is working to maintain **high standards** for qualified homeopathic practitioners; advocates for homeopathy with the media and government agencies; provides free virtual information and news to an international audience; and sponsors the **only national homeopathy awareness month** promotion in the world. Read more about us at [www.csoh.ca](http://www.csoh.ca).

If you **support our efforts to protect and advance homeopathy in Canada**, consider becoming a **2024 Supporting member of Canadian Society of Homeopaths** now. It costs just \$50 per year (or \$40 if paid before the end of 2023). Your Supporting membership will give you an important voice in the future of homeopathy in Canada!

## 1. CONTACT INFORMATION:
